Dear Sir:

I am informed that you may be able to put me in touch with a boy just out of school, who could come to our Museum for a position which we have vacant there.. We do not desire to take anyone out of school, but if you know of a responsible boy who would appreciate a position in which there would be an opportunity for him to learn, I should appreciate such information as you can give me.. Recommendations as to honesty would be essential, but aside from this, and aside from the fact that we should not care for a colored boy or a Hebrew, there are no restrictions.. Perhaps you will know of some bright eyed Italian who would appreciate such a berth as I have described..

Very truly yours,

Secretary..

City.

Dear Mr. Noe:

Thank you for your inquiry asking us to send you a boy to learn your work.

I regret that at the present time, we have no boys available.

In February we shall have some graduates, both boys and girls, and if you need any help at that time I trust you will call upon us again.

We also have boys and girls looking for afternoon positions. If you need any help for part time work, we shall be pleased to supply you.

Yours truly,

Frank M. Wheat

Teacher-in-Charge
Washington Heights Annex of
Morris High School
New York City

Dear Mr. Wheat:

Thank you for your letter of December 8th.

I note that you can send me boys who might do part time work afternoons. The opening we have here is hardly one that would be attractive to a High School boy, unless it was one in the first year class perhaps. His duties consist of attending the door, lighting up the exhibition hall, and watching it while visitors are therein, and in addition doing such light tasks as will not interfere with his major one described above.

I am laying these details before you, in order that you may form a better judgment of the kind of boy we need. We should be willing to pay \$6 weekly for half time, Sunday afternoon being included.

I hope you will be able to send us someone you can recommend. Honesty is a prime requisite, because of the value of our material.

Very sincerely yours,

Secretary.
